

Create a wildflower meadow

LA MAISON
DE L'ÎLE

1

Fall 2022 - Covering the site - organic method

Cover with leaves to eliminate weeds

2

Fall 2023 - prepare the surface for seeding

Remove rocks and clods. Loosen, rake and smooth the ground

Sow on dry ground

Mix vermiculite and seed, moisten, sow, rake and roll

B&Bloom for our pollinators

The wildflower meadows are beautiful. We want to: • give you the benefit of constant flowering from spring to fall • attract butterflies, pollinators and songbirds. Our flower meadow will actively contribute to the preservation of our local biodiversity.
